

**Glossop and District TTL
Volcrepe Cup 2011/12**

Introduction

The list of eligible players with handicaps is set out below.

The rules for the Cup remain as set out in section R6 of the League Handbook. As normal, the Team Handicap is the total of the personal handicaps of the 3 individual players selected for the match.

Where the Team Handicaps for both teams have the same sign (i.e. both are positive or both are negative) there is no change to the method which has been in place for many years i.e. the Team Handicaps for each team are merely added to the number of points won in the matches played and the resulting totals will constitute their final scores.

For example:

Team A + 60 v Team B + 100 or Team A -60 v Team B -100

Handicaps with different signs.

Where however the Team Handicaps have differing signs the situation is a little more complex, as follows:

When the negative handicap is smaller than the positive one.....

e.g. Team A -60 v Team B +100

- Team A's handicap will be increased to Zero by adding a Handicap Adjustment of +60 to their Team Handicap of -60
 $-60 + 60 = 0$
- Team B's handicap will be increased to +130 by adding HALF of the (smaller) Handicap Adjustment of +60 (i.e. +30) to their (bigger) Team Handicap of +100.....
 $100 + 60/2 = 100 + 30 = 130$
- Thereafter everything else proceeds as normal, with team B having a starting advantage of 130 points.

When the negative handicap is bigger than the positive one....

e.g. Team A -100 v Team B +80

- Team A's handicap will be increased to Zero by adding a Handicap Adjustment of +100 to their Team Handicap of -100
 $-100 + 100 = 0$
- Team B's handicap will be increased to +140 by adding the (bigger) Handicap Adjustment of +100 to HALF of their (smaller) Team Handicap of +80.....
 $100 + 80/2 = 100 + 40 = 140$
- Thereafter everything else proceeds as normal, with team B having a starting advantage of 140 points.

Volcrepe Cup Handicaps for eligible players 2011/2012
